 Act 9-16-20
 #700

9-16-2020

Mrs. Fisk,

West Fargo Events would like to request a public liquor consumption permit for the following Sunday dates at the Lights Plaza and Parking Ramp.

Sept 20., Sept. 27., and Oct. 4 with attendees present 11am-4:00pm. This event is not expected to flow into the adjacent streets.

Regards,

Mike Amundson

WFE Executive Director

9-16-2020

Mrs. Fisk,

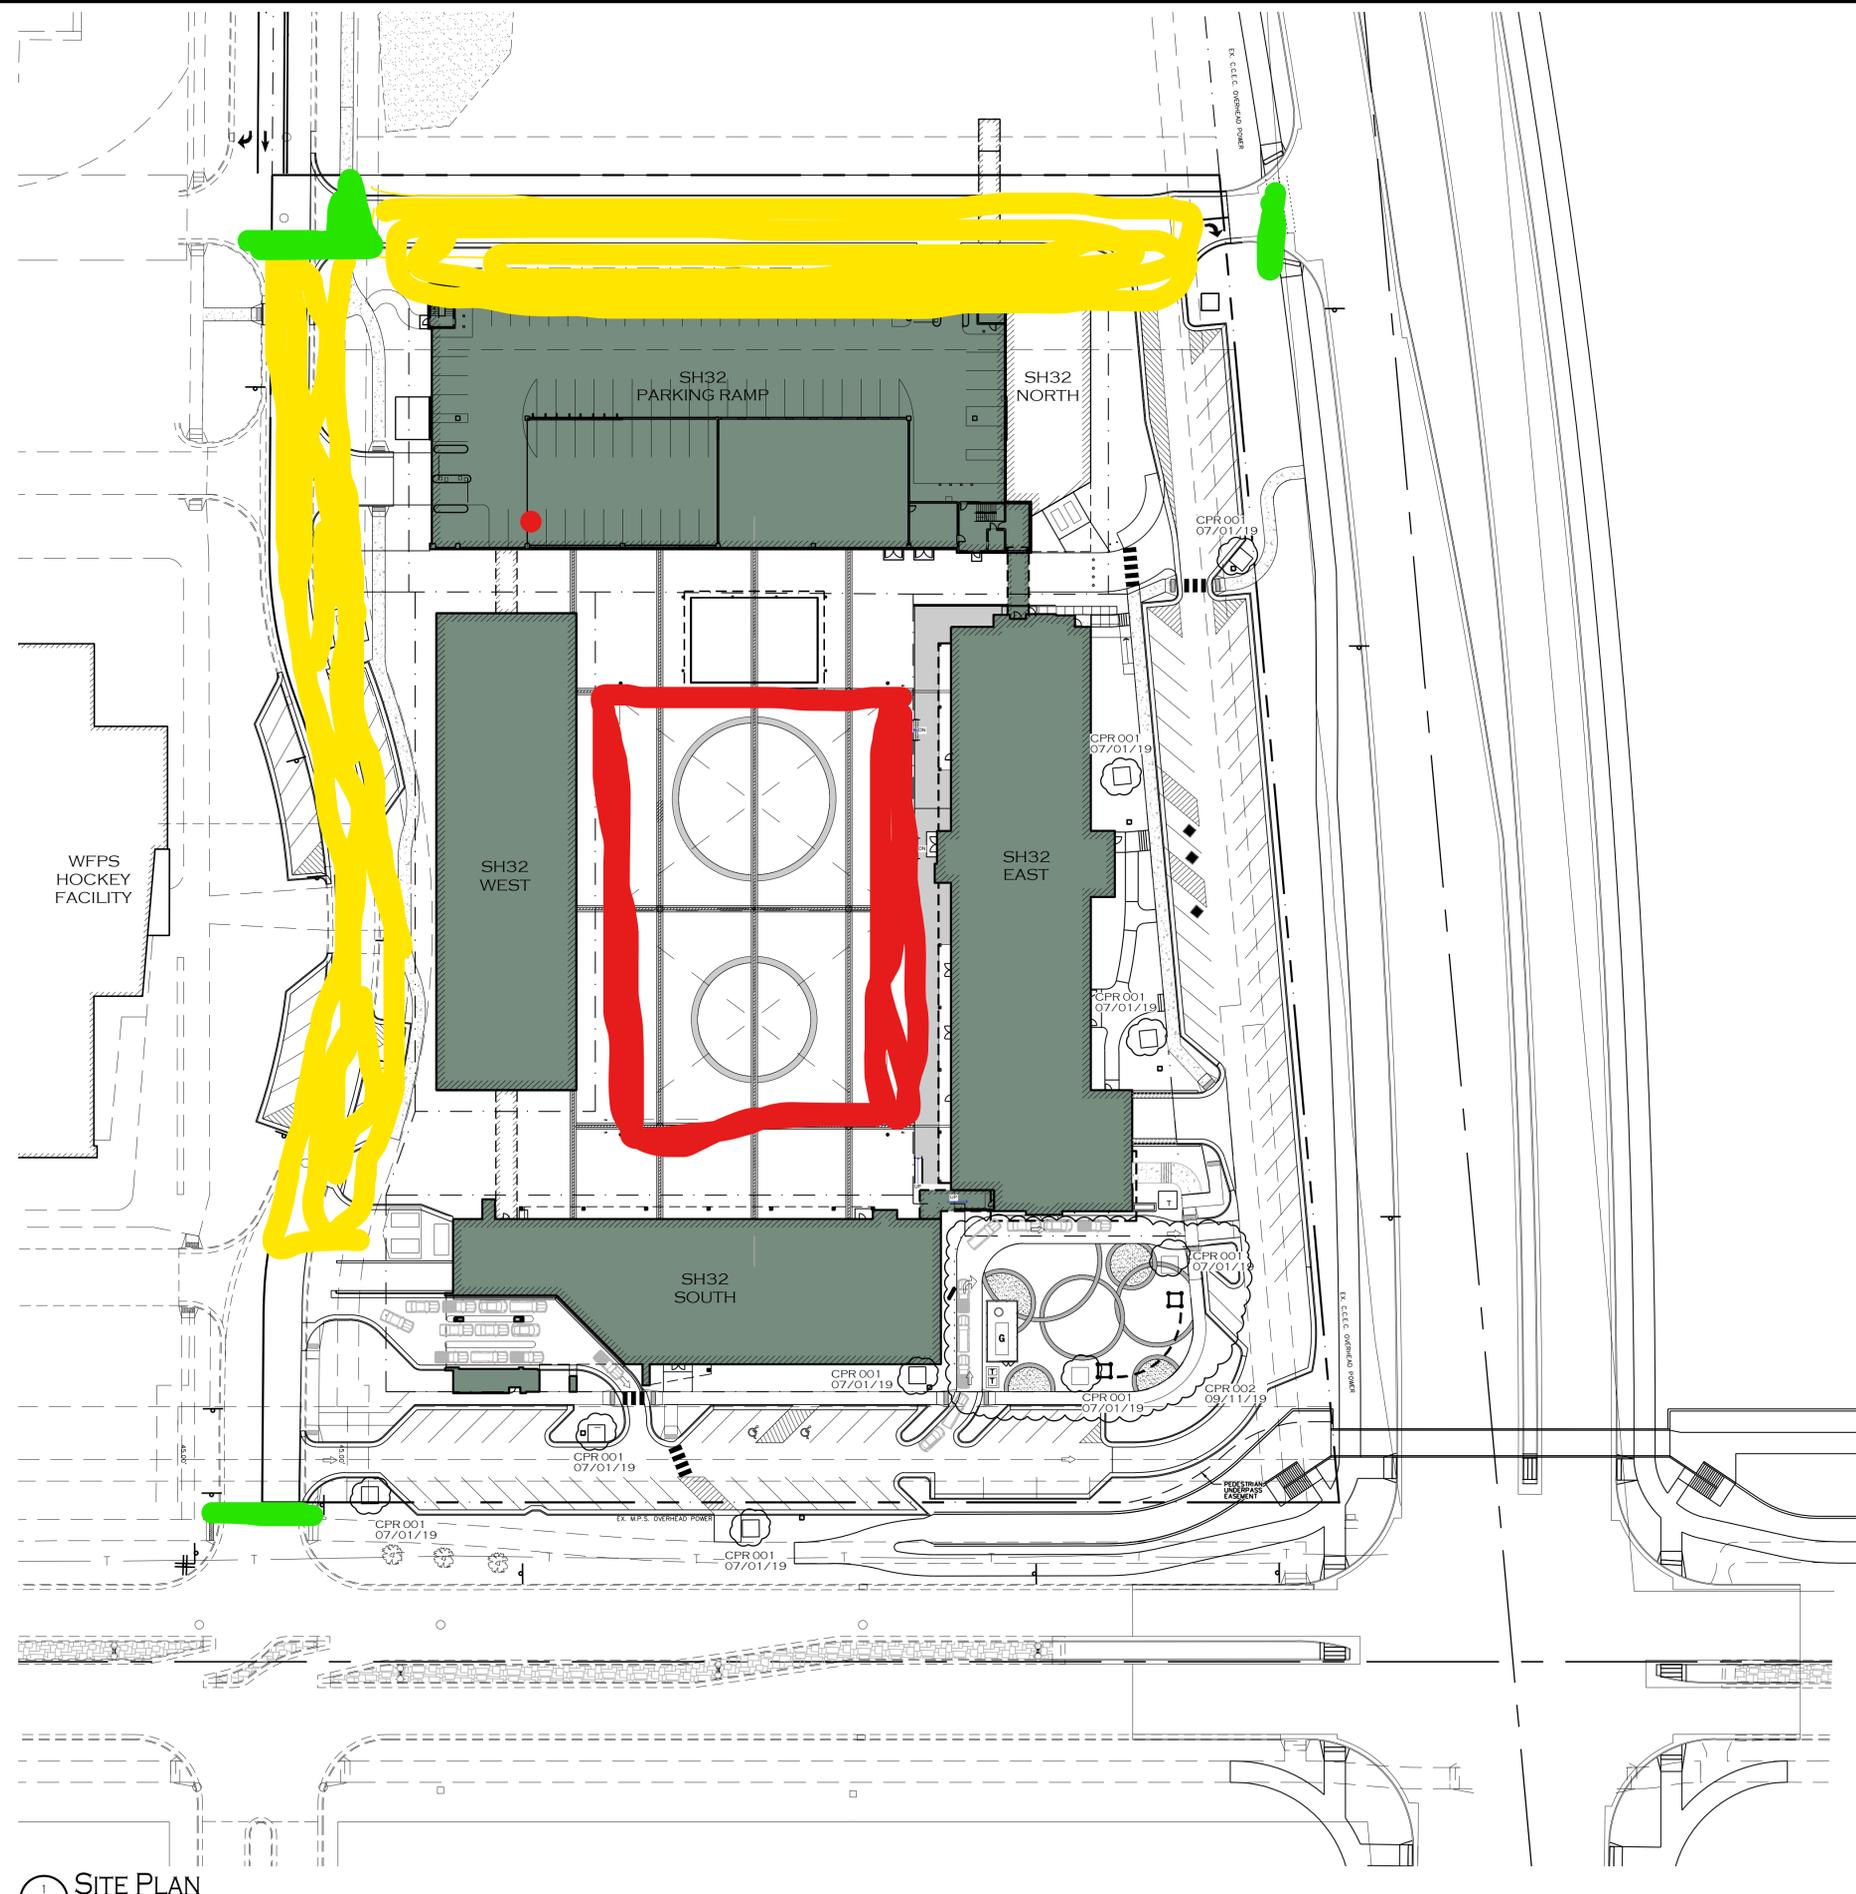

West Fargo Events would like to request a public liquor consumption permit for the following dates at the Lights Plaza, adjacent streets and Parking Ramp. On Oct. 3rd, 2020 with attendees present 7:00am-6:30pm.

For this event we would also like to utilize overflow space if needed on 31st Ave to the north of the parking ramp, Braylankee drive on the south and east side of the lights plaza and 5th street between the West Fargo Sports Arena South Parking lot connecting to 32nd St.

Regards,

Mike Amundson

WFE Executive Director

Summary and Recommendation:

Planned in conjunction with the downtown Pioneer Place development, the improvements consist of sanitary and storm sewers and water mains to service the multi-use development as well as residential properties. The city held a neighborhood meeting to inform residents of the project and present an option to have their private sewer service replaced and financed by the city with special assessments. Only costs associated with private sewer service replacements were financed with special assessments. Three (3) owners provided written request to have their private sewer service replacement and financed with special assessments.

Additional project information is available on the city's website:

<https://www.westfargond.gov/1021/Special-Assessment-Projects>

Staff recommendation is to Confirm the Assessment List

June 23, 2020 – Special Assessment Commission (public meeting) to review benefits and levied assessments.

July/Aug, 2020 – City advertised Assessment list and sent letters to all properties.

August 18, 2020 – Special Assessment Commission meeting to hear objections

Aug/Sept, 2020 – Notice of Confirmation of assessment list published and hearing scheduled for September 21, 2020

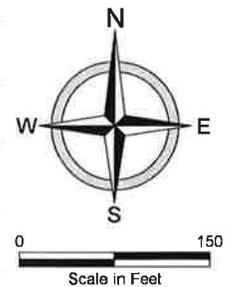

Policy Analysis:

This improvement district was administrated in accordance with North Dakota Century Code and City of West Fargo policies and ordinances. The city’s “Special Assessment Policy” was adopted September 19, 2016 and is available on the city’s website.

PROJECT No.	18769-302
DATE:	12.03.15
REVISED:	---
DRAWN BY:	MCS
CHECKED BY:	MWW

STREET IMPROVEMENT DISTRICT NO. 2240
 8TH AVENUE NORTHWEST & 26TH STREET NORTHWEST-PAVING
 WEST FARGO, NORTH DAKOTA

The Board considered the question of approval of the assessment list for Street Improvement District No. 2240 as confirmed by the Special Assessment Commission of the City of West Fargo.

It was moved by Commissioner _____ and seconded by Commissioner _____ that the assessment list for Street Improvement District No. 2240 of the City of West Fargo, as confirmed by the Special Assessment Commission of the City of West Fargo, be and the same is hereby confirmed. On roll call, the following commissioners voted aye: _____
_____. The following commissioners were absent and not voting: _____. No one voted nay, so the motion carried and the resolution was approved and confirmed.

STREET IMPROVEMENT DISTRICT NO. 2240
City of West Fargo, North Dakota

Summary and Recommendation:

The City of West Fargo's Enterprise Grant is a targeted development program that provides the use of public funds to leverage private investment for interior and exterior improvements to commercial properties located within the City. The program applies to all commercial property located within the Downtown Mixed-Use District and is intended to encourage property owners and business tenants to undergo projects which are transformational in use or to extend the lifespan of the building. Since the program's inception in 2019 there have been two recipients of the grant – Thunder Coffee and HollyWould Beauty Suites.

Ferguson Books & More! has applied for an Enterprise Grant for their expansion into West Fargo within the Pioneer Place building on Sheyenne Street. This expansion would include the fit-up of 1,200 sf of vacant space just north of Thunder Coffee, including unique built-in bookshelves and façade signage. The applicant has provided quotes for eligible costs totaling \$83,215. If granted, 50% of these costs would be reimbursed by the City from Economic Development Sales Tax for a total of \$41,607.50. The applicant has stated that they would be unable to complete this investment at the proposed quality and scale without the partnership of Enterprise Grant dollars.

Due to the transformative nature of this project within the targeted district and the applicant's ability to meet economic goals set within West Fargo 2.0 and Enterprise Grant guidelines, the Economic Development Department recommends approval of this proposal. At their September 15th meeting the Economic Development Advisory Committee voted 5-0 to recommend approval of the application to the City Commission.

Policy Analysis:

The addition of an independent new and used bookstore to West Fargo will assist with the revitalization of downtown by bringing a unique offering to an area in need of retail diversity. Through this financial partnership, the City would be following West Fargo 2.0's call to "foster unique businesses" and "diversify retail offerings" while approving an applicant that meets the goals identified in the Enterprise Grant guidelines. Furthermore, the presence of this applicant along Sheyenne Street will contribute to consumer foot-traffic, benefiting all neighboring businesses and enhancing the City's retail economy. This economic process will add to the overall sales tax revenue collected by the City, thus reinvesting in the Economic Development Sales Tax fund from which the grant is funded.

Financial Analysis:

Through the Enterprise Grant program, up to 50% of approved costs will be reimbursed through Economic Development Sales Tax, with a not-to-exceed of \$75,000 for a \$150,000 investment. Ferguson Books & More! has requested a 50% reimbursement (\$41,607.50) for a total investment of \$83,215. There are sufficient funds designated for Enterprise Grants within the current Economic Development Sales Tax budget.

Process / Timeline:

Process	Action
EDAC	Recommended approval by a 5-0 vote at their September 16 th meeting.
City Commission	Final approval or denial of application to take place at the September 21 st meeting.

Incentive Analysis

Requested Incentive: Enterprise Grant

Term: N/A --Reimbursement

Applicant: Ferguson Books & More!

Project Address: 300 Sheyenne St.

Legal Description: Lot 1 Block 1 Pioneer Place 2nd

Proposed Investment: \$83,215

Value of Grant to Applicant: 50% of eligible receipts up to \$41,607.50

Estimated Incentive Value Granted to Applicant to-date: \$0

Summary of Request: Enterprise Grant

An Enterprise Grant allows the recipient to submit receipts for approved capital improvement expenditures to receive a 50% reimbursement from the City up to \$75,000 for a \$150,000 investment. Funds for this reimbursement grant are disbursed from an apportionment designated within the Economic Development Sales Tax fund.

The applicant has a \$41,607.50 grant, which is 50% of a total investment of \$83,215. If the applicant underspends the estimated total, the City will only contribute 50% of the total cost. If the applicant overspends this request, the City will not contribute beyond \$41,607.50.

Development Project:

Ferguson Books & More! proposes to fit up 1,200 square feet of vacant space within the Pioneer Place building at Lot 1 Block 1 Pioneer Place 2nd (rendering attached). The independently owned bookstore will sell both new and old books with additional related retail. The West Fargo location will be an expansion of the business and the only store of its kind in the metro area.

Public Benefit/Infrastructure:

To receive a tax incentive, recipients must provide public benefit.

According to Enterprise Grant guidelines, the predominant public benefits expected from an applicant receiving an Enterprise Grant incentive would be to:

- Beautify the area by improving exterior building façade
- Enhance commercial growth
- Encourage redevelopment and reinvestment
- Increase community pride in the adjacent neighborhoods
- Add significant physical improvements to the aesthetics of the property
- Create unique and distinct places
- Coordinate implementation efforts

- Attract businesses that compliment revitalization of an area through employment, unique offerings, and complementary businesses to the West Fargo 2.0 Comprehensive Vision

Each of these goals are met through the application with the most notable being the creation of a unique and distinct place that encourages consumer foot-traffic in the targeted mixed-use area. The ability to inspire retail shopping for a unique purpose will assist neighboring developments with sales, therefore amplifying all sales tax revenue in the downtown area. Other goals of improving the property are met through the proposed fit-up and are amplified through the commitment to construct high-quality shelving with the contribution of an Enterprise Grant.

Impact of Development on City and Local Economy:

The addition of an independent new and used bookstore to West Fargo will assist with the revitalization of downtown by bringing a unique offering to an area in need of retail diversity. This applicant also follows West Fargo 2.0's call to "foster unique businesses" and "diversify retail offerings" Furthermore, the presence of this applicant along Sheyenne Street will contribute to consumer foot-traffic, benefiting all neighboring businesses and enhancing the City's retail economy. This economic process will add to the overall sales tax revenue collected by the City, thus reinvesting in the Economic Development Sales Tax fund from which the grant is funded.

"But for" test:

In economic development, incentives are not awarded if the development would occur regardless of the City's contribution.

The applicant has stated that if they do not to receive an Enterprise Grant, they will not be able to complete this investment at the quality and scale that has been proposed in their application. Most notably, the applicant has provided pictures of custom built-in shelves that are intended if awarded the Enterprise Grant in comparison to shelving units that otherwise would be used to reduce costs. Because the applicant is a bookstore, the difference in bookshelves is a key consideration in the operation of their business and has high impact on their customer base. Therefore, it can be considered that but for the incentive, there would not be an investment of the desired uniqueness and quality.

Previous and Current Incentives Experienced by Applicant:

The applicant has never received an incentive from the City of West Fargo.

Previous and Current Incentives Experienced by Property

The 1,200 vacant building space has not received an incentive to be fit up for an end-user. The Pioneer Place building in which the space is located was part of a public private partnership (P3) between EPIC companies and the City of West Fargo, however, this fact does not relate to the current application from the potential lessee.

Tina Fisk

Summary and Recommendation:

In 2019 the current applicant, 9th and Main LLC, received two Renaissance Zone tax incentives valued at \$1.4 million for the construction of two cold storage distribution warehouses. The applicant has applied for a third Renaissance Zone tax incentive valued at \$675,202.50 for a new 150,000 sf cold-storage speculative building project at 100 9th St NE. The West Fargo Economic Development Department is recommending that this application be denied on the basis that the development will occur without the incentive and that the project is speculative, making the economic impact unknown.

At their September 15th meeting the Economic Development Advisory Committee (EDAC) voted 3-1-1 to recommend approval of the project to the City Commission. Although the EDAC recommended approval, Staff's recommendation remains to deny the application based on the following considerations:

- The incentive does not meet the but-for test and is therefore a loss to all taxing entities: The development will occur without the incentive, meaning the \$675,202.50 is a loss with no apparent public gain. Renaissance Zones are a form of tax abatement, meaning the tax revenue loss of \$675,202.50 is a loss to all taxing units, not just the City.
- West Fargo Renaissance Zone guidelines restrict warehousing: This building is designed to be a warehouse distribution center, meaning that it would not qualify for a Renaissance Zone incentive under current guidelines. Warehouse and last mile logistics facilities do not produce significant sales tax revenue due to the nature of selling all products out of city and state limits. Warehousing is also a healthy and growing sector in the West Fargo economy that does not need City support.
- The building's speculative nature is not supported by City incentive programs: If this building is not used for warehousing, the end user is unknown and there can be no claim that this structure brings high quality employment to the community.
- The investment is inconsistent with West Fargo 2.0: The development does not target a balanced mix of uses or increase sectors of the economy that are not yet established in West Fargo, as recommended by the West Fargo 2.0 plan.

- There is no City commitment to continue incentives: No written or recorded proof can be found to support the argument that the original Renaissance Zone applications included this building or this parcel. The previous partnership can be appreciated for its initial impact, while the current application for 100 9th St. NE is considered on its own merits. Previous receipt of an incentive indicates City support but does not imply additional incentives are necessary for continued development.

Financial Analysis:

For a private investment of \$9 million, the City and other taxing units would stand to lose \$675,202.50 in tax revenue over a 5-year term. Additionally, the applicant would be eligible for income tax exemption through the State, which they anticipate being valued at \$100,000.

Process/Timeline:

Process	Action
EDAC	Recommended approval by a 3-1-1 vote at their September 16 th meeting.
City Commission	Final approval or denial of application to take place at the September 21 st meeting.

Incentive Analysis

Requested Incentive: Renaissance Zone

Term: 5 years, estimated June 1, 2021- May 31, 2025

Applicant: 9th & Main LLC, Levi Arneson

Project Address: 100 9th St. NE

Legal Description: Lot 2 Block 1 Forum Communications 1st

Proposed Investment: \$9 million, 150,000 sf, Speculative Building

Value of Tax Savings to Applicant: \$675,202.50 (\$135,040.50 x 5 years)

Estimated Incentive Value Granted to Applicant to-date: \$1.4 million

Summary of Request: Renaissance Zone --5 years

A Renaissance Zone allows the recipient to avoid property taxes (impacting all related taxing units) on new improvements for the length of the Renaissance Zone term, up to 5 years. The value of the unpaid property taxes can be used for any purpose without reporting to the City. A Renaissance Zone functions similarly to a Tax Abatement/Payment in Lieu of Taxes (PILOT), but does not have the same application requirements identified by the State of North Dakota, such as primary sector certification and job creation goals. The Renaissance Zone program does have additional benefits for successful applicants, including income tax abatement for income made on the project, up to \$500,000. Future tenants can also apply for income tax abatement if a Renaissance Zone has been granted on the property. Renaissance Zones can only be awarded once for any one property.

The requested Renaissance Zone term is 5 years, starting on the date of State approval. Based on improvements estimated below from the applicant, the Renaissance Zone value over a 5 year term is \$675,202.50.

Development Project:

9th & Main LLC proposes to construct a 150,000 square foot speculative building at Lot 2 Block 1 Forum Communications 1st (rendering attached). The building will be cold storage capable and designed to attract a business needing dock high space. The applicant has stated that they “target anybody and everybody.” While the speculative nature of the building does mean that any business could become a lessee, it is likely to attract a distribution warehouse based on the applicant’s past projects and the design of the proposed building.

*Warehousing is not a permitted use of incentive dollars under West Fargo Renaissance Zone guidelines; however speculative buildings are not specifically mentioned in current policy. The distinction between this speculative building and the warehousing category is difficult to make.

Public Benefit/Infrastructure:

To receive a tax incentive, recipients must provide public benefit.

According to West Fargo's Renaissance Zone Guidelines, the predominant public benefits expected from an applicant receiving a Renaissance Zone incentive would be to:

- create high-quality jobs
- enhance entrances to the community
- encourage new development
- change existing property to meet zoning
- increase business visibility, and;
- contribute to comprehensive redevelopment.

Among these listed goals, the only known public benefit is the "encouragement of new development" through the construction of a building. The nature of new construction means that property value will be increased, therefore increasing taxable value. With a renaissance zone, this increased taxable value would not be experienced by any taxing entity for 5 years.

The future tenant may bring additional benefits, but these are currently unknown due to the speculative nature of the building. Based on previous developments from 9th & Main LLC, the city may expect 15-20 facility jobs plus commercial drivers. There is risk, however, that the building could sit vacant for the term of the incentive. There are no clawbacks through current Renaissance Zone policies if the building were to remain vacant.

Impact of Development on City and Local Economy:

The structure proposed by the applicant is not currently identified as a priority to the City of West Fargo Economic Development Department and does not show clear promise to diversify the local economy. While the applicant has stated that no other developer in West Fargo constructs speculative buildings of this size without a tenant, the type of structure proposed supports a warehouse/distribution facility. West Fargo has a healthy market of warehouse/distribution facilities and is not lacking in this sector of the economy. While we encourage all legal and conforming development, this proposed speculative building will not specifically diversify or enrich the local economic ecosystem above and beyond current development trends.

The applicant has stated that the development would not occur without City incentives and is seeking the Renaissance Zone to reduce costs for eventual end-users. In other words, the requested incentive value over 5 years of \$675,202.50 would be used by the applicant to make their buildings cost less than their competitors. The applicant has stated that this reduced lease price helps them bring business otherwise locating outside of the metro area.

While this applicant has stated that they would not develop without this incentive there is no clear disadvantage to developing the property (i.e. lack of infrastructure, poor visibility,

environmental contamination, dilapidated structures on-site). In other words, the vacant site is primed for development and would likely develop for other economically beneficial purposes without the incentive, but perhaps not through this applicant for this specific project.

“But for” test:

In economic development, incentives are not awarded if the development would occur regardless of the City’s contribution.

The applicant has stated that the proposed development would not occur without City incentives. However, this statement has not been verified with a pro-forma or other documentation as these are not required by the current application process and the nature of speculative buildings makes it difficult to prove that an end-user would not lease from the applicant without the incentive.

Previous and Current Incentives Experienced by Applicant:

9th & Main LLC has received an estimated \$1.4 million in tax savings granted by the City since 2019 for two projects surrounding the proposed project. One project has attracted Ryder Logistics, which stores and transfers Agricultural products for Bayer AG. The other project is expected to be leased in March of 2021.

Previous and Current Incentives Experienced by Property

No incentives have been experienced by this property to-date.

Please Briefly Describe Your Request *

We are asking for the Commission to reconsider Site A20-25. We have included an updated site plan with a new access from the north part of the property. This is in reaction and response to the Willow Creek residents concern, as well as the suggestion of Commissioner Mandy George. The other site, A20-24, has many issues, including, but not limited to, limited customer access, major infrastructure upgrade (road work est. at 180k alone) and great uncertainty with the new Flood Plain.

Site Address or Legal Description (if applicable)

Action Being Requested from City Commission *

We are asking that the Commission approve our original Conditional Use Permit application for site A20-25. We are very committed to staying in business. The reality of the diversion has given us extremely limited options in being able to continue operations of our business. Please consider this compromise carefully.

AGENDA ITEM DESCRIPTION
CITY COMMISSION
WEST FARGO, NORTH DAKOTA

Agenda # _____

***Please Note: The following information must be completed and submitted to the West Fargo City Auditor's Office by the Thursday noon preceding the City Commission meeting. Failure to comply may result in no action being taken on your request.

1. CONTACT PERSON: Tim Solberg AICP

2. PHONE NUMBER: 433-5321 DATE: September 16, 2020

3. PLEASE **BRIEFLY** DESCRIBE YOUR REQUEST:

Conditional Use Permit for accessory building greater than 1,000 square feet in a residential district.

4. SITE ADDRESS OR LEGAL DESCRIPTION (if applicable):

Located at 4709 3rd Street East (Lot 1, Block 3 of McMahon Estates 4th Addition),
City of West Fargo, North Dakota.

5. ACTION BEING REQUESTED FROM CITY COMMISSION:

Approval subject to conditions listed in the staff report.

CITY OF WEST FARGO PLANNING & COMMUNITY DEVELOPMENT

STAFF REPORT

A20-22		CONDITIONAL USE PERMIT	
4709 3 rd Street East			
Lot 1, Block 3 of McMahan Estates 4 th Addition, City of West Fargo, North Dakota			
Applicant/Owner: Shane & Jennifer Rohweder		Staff Contact: Lisa Sankey	
Planning & Zoning Commission Introduction:		08-11-2020	
Public Hearing:		08-11-2020 – denied	
Planning & Zoning Commission Reconsideration:		09-15-2020 - Approval	
City Commission:		08-17-2020 – Referred to Planning Commission 09-21-2020	

PURPOSE:

Construct a 40' x 60' (2,400 square foot) accessory building with steel siding and roofing, for personal storage in a rural estate zoned district.

STATEMENTS OF FACT:

Land Use Classification:	G-2: Sub-Urban – Growth Sector
Existing Land Use:	Single Family Dwelling
Current Zoning District(s):	R-1E: Rural Estate District
Zoning Overlay District(s):	NA
Total area size:	1.14 Acres
Adjacent Zoning Districts:	R-1E: Rural Estate District
Adjacent street(s):	3 rd Street East (Local); 47 th Avenue East (Local)
Adjacent Bike/Pedestrian Facilities:	None
Available Parks/Trail Facilities:	None

DISCUSSION AND OBSERVATIONS:

- The R-1E: Rural Estate zoning district allows for accessory structures greater than 1,000 ft² as a conditional use provided they are in character with the development pattern of the subdivision they are in.
- The applicant has provided a site plan which shows the new accessory structure will be built in the rear yard with a side yard setback of 25' and rear yard setback of 30'.
- The applicant has indicated the structure would be built of steel siding which match the exterior of the existing house on the property. They also propose steel roofing for low maintenance. Elevations of the proposed structure have been provided.
- A conditional use permit agreement is required to be signed prior to issuance of a building permit and may include conditions deemed appropriate by the Commission.

CRITERIA FOR GRANTING CONDITIONAL USE PERMIT:

With reference to the criteria for granting conditional uses, the following is noted:

STAFF REPORT

1. Ingress and egress to property and proposed structures thereon with particular reference to automotive and pedestrian safety and convenience, traffic flow and control, and access in case of fire or catastrophe.
 - The property has adequate access and the improvements will not affect the current access.
2. Off-street parking and loading areas where required, with particular attention to the items in (1) above and the economic, noise, glare or odor effects of the special exception on adjoining properties and properties generally in the district.
 - No concerns noted
3. Refuse and service areas, with particular reference to the items in (1) and (2) above.
 - No concerns noted.
4. Utilities, with reference of locations, availability, and compatibility.
 - No concerns noted
5. Screening and buffering with reference to type, dimensions, and character.
 - No concerns noted
6. Signs, if any, and proposed exterior lighting with reference to glare, traffic safety, economic effect, and compatibility and harmony with properties in the district.
 - No concerns noted
7. Required yards and other open space.
 - No concerns noted.
8. Soil conditions, as they relate to on-site sewage disposal, water supply, basement excavating, road construction and related land use.
 - No concerns noted.
9. General compatibility with adjacent properties and other property in the district.
 - The land adjacent to this area is R-1E: Rural Estate District and similar style and sized accessory buildings have been previously approved within the subdivision.

NOTICES:

Sent to: Property owners within 350'.

Comments Received:

- An email was received regarding concerns with building and roofing materials; however, was not concerned with the size.
- An email was received with concerns regarding the size and type of structure, and opposing the structure based on the restrictive covenants.
- An email was received with no concerns as long as the restrictive covenants are followed regarding exterior finishes.
- A call and email was received by an individual concerned with the size of the structure and is more comfortable with a size closer to 1,600 square feet which is comparable to other structures constructed in the area as conditionally permitted uses.
- An email was received from a property owner concerned with the exterior building materials, as well as questions regarding the use of the structure, possibly being used for a plumbing business. The applicant, who indicated the structure was for personal storage, was sent a copy of the home occupations guidelines.

STAFF REPORT

CONSISTENCY WITH COMPREHENSIVE PLAN AND OTHER APPLICABLE CITY PLANS AND ORDINANCES:

- The application is providing an accessory to an existing use and therefore the application may be considered consistent with the Comprehensive Plan.

RECOMMENDATIONS:

It is recommended that the City approve the proposed application on the basis that it is consistent with City plans and ordinances with recommended conditions of approval as follows:

1. The accessory building is constructed of the same color and materials as the primary residential structure.
2. A Signed Conditional Use Permit Agreement is received.

PLANNING AND ZONING RECOMMENDATION:

At their August 11, 2020 meeting, the Planning and Zoning Commission denied the conditional use permit based on public comments.

UPDATE – APPEAL TO CITY COMMISSION REGARDING PLANNING COMMISSION RECOMMENDATION

The applicant is requesting the City Commission review the Conditional Use Permit and has provided photos of similar structures in the neighborhood. He is willing to compromise on the size of the structure (2,000 ft²), and has submitted elevations and photos of a similar structure.

Previously staff recommended approval subject to the two conditions listed above.

UPDATE – CITY COMMISSION REGARDING PLANNING COMMISSION RECOMMENDATION

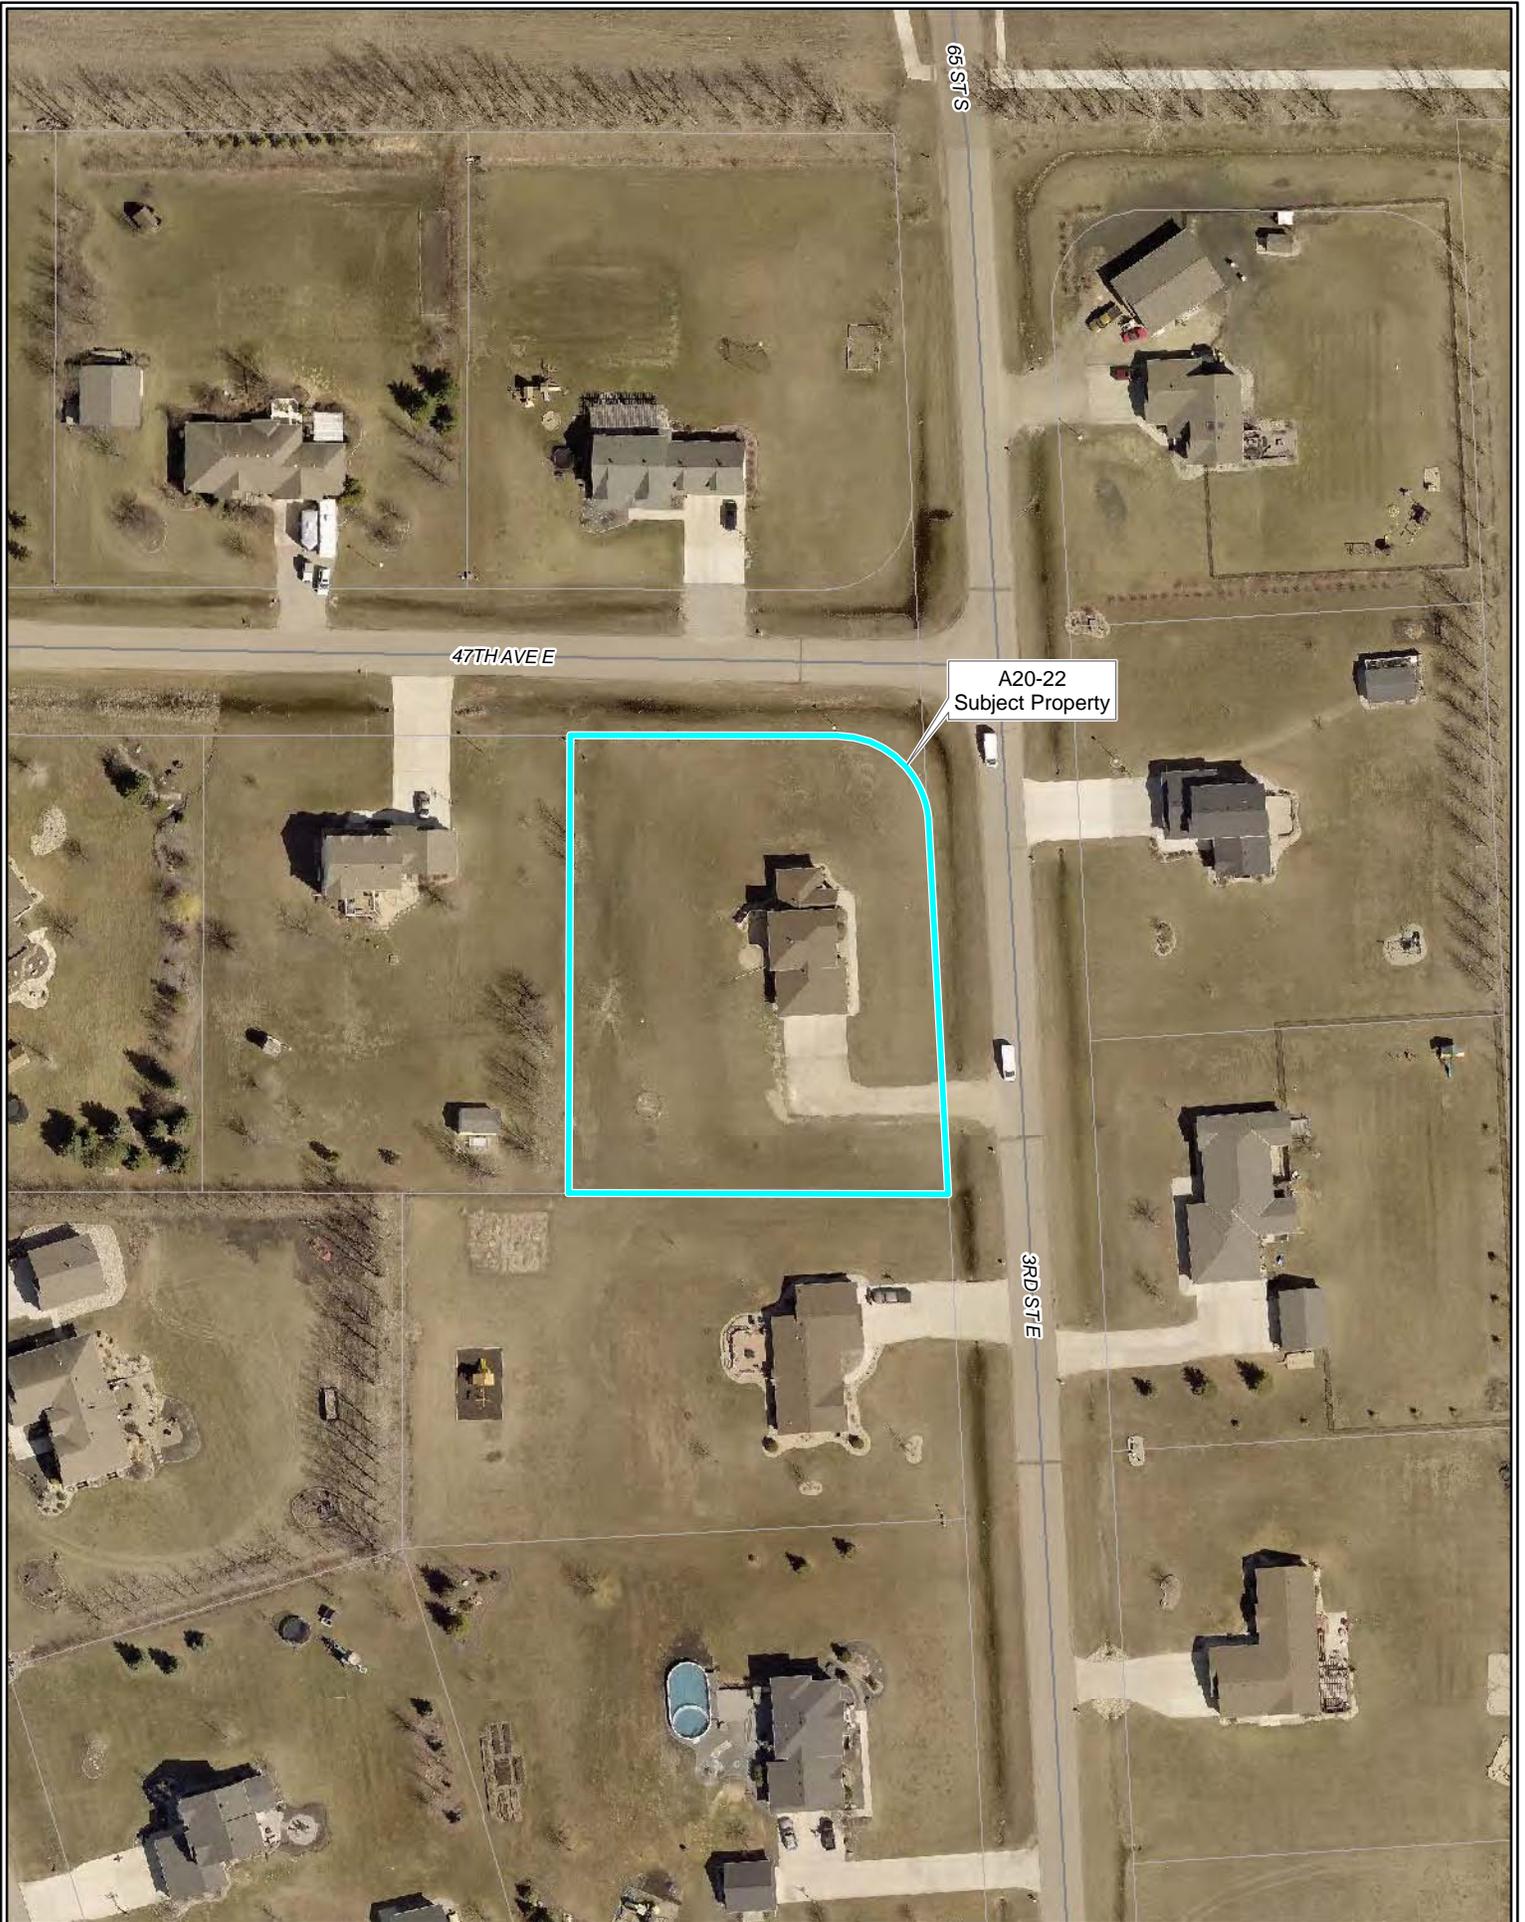

At their August 17, 2020 meeting, the City Commission referred the new proposal regarding decreased size and modified elevations to the Planning and Zoning Commission for review. The exterior materials will match the house with similar siding, roofing and brickwork.

It is recommended that the City approve the proposed application on the basis that it is consistent with City plans and ordinances with recommended conditions of approval as follows:

1. The accessory building is constructed of the same color and materials as the primary residential structure.
2. A Signed Conditional Use Permit Agreement is received.

PLANNING AND ZONING RECOMMENDATION:

At their September 15, 2020 meeting, the Planning and Zoning Commission recommended approval of the Conditional Use Permit, subject to the two conditions listed above.

Hi Lisa,

I wanted to let you know I am willing to do a 40'x50' (2000 square foot) garage with 15 foot sidewalls. The exterior siding will match my home. I will have brick on the front and shingles on the roof as pictured in new 3D drawings. I appreciate how helpful you have been. Please let me know if you need more information.

Thank you!

Shane Rohweder

Conditional Use Permit

State of North Dakota,
County of Cass,
City of West Fargo

WHEREAS, Shane Rohweder (hereinafter referred to as the “**Applicant**”) has paid the sum of two hundred dollars (\$200.00) to the City of West Fargo, as required by the City of West Fargo Zoning Ordinance, and has complied with all the requirements of said ordinance necessary for obtaining this permit; and

WHEREAS, the **Applicant** is the legal owner of property located at 4709 3rd Street East, West Fargo, ND 58078, legally described as (hereinafter referred to as the “Property”):

Lot 1, Block 3 of McMahon Estates 4th Addition

NOW, THEREFORE, by order of the West Fargo City Commission, the said applicant is hereby issued a Conditional Use Permit to:

Construct an accessory building greater than 1,000 ft² in an R-1E: Rural Estate zoning district.

on the above-described Property with the following conditions:

1. The 2,000 square foot (40’ x 50’) accessory building is constructed of the same color and materials as the primary residential structure.
2. Use of the accessory building meet the requirements of the R-1E: Rural Estate District Standards.
3. The City of West Fargo reserves the right to inspect the property for compliance with these conditions.
4. Any and all claims that arise or may arise against Applicant, its agents, servants, or employees while engaged in the use of the Property, shall in no way be the obligation of the City of West Fargo. Furthermore, Applicant, its agents servants, employees, or assigns shall indemnify, hold harmless, and defend the City, its officers and employees against any and all liability, loss, costs, damages, expenses, claims, actions, or judgments, including attorneys’ fees which the City, its officers or employees may hereafter sustain, incur, or be required to pay, in any way connected with the use of the Property or City actions related to the granting of this Conditional Use Permit.
5. Any improvements made to the property in connection with this Conditional Use Permit shall be at the sole expense of the Owner and shall not be the obligation of the City.
6. If Applicant fails to observe the terms and conditions of this Conditional Use Permit, the City may revoke this Conditional Use Permit. In such an event, the City will give

Summary and Recommendation:

The City Commission reviewed and discussed quotes received for Project #2259 at their regular meeting held on September 9, 2020. Action was taken authorizing staff to negotiate a price based on a revised scope of work (i.e. reducing number repair locations). Engineering and Public Works met to review all 12 proposed locations and decided to remove locations "B" and "E" in an effort to reduce costs. Based on this revised scope, a new price was negotiated with Key Contracting where their original quote of \$289,345 was reduced by just over \$75,000. Staff recommends awarding a construction contract to Key Contracting, Inc. for \$213,830.

September 9, 2020 Agenda Item provided below for reference

Summary and Recommendation:

This project was included in the city's 2020 Capital Improvement Plan (CIP) and is a coordinated effort between the Public Works and Engineering Departments. As shown in the CIP, the intent is to contract large-scale pavement repairs each year, which will allow Public Works to focus on other pavement management projects.

Included with this project are twelve (12) locations on five (5) major streets that are in critical need of full-depth patching. Construction plans and specifications were prepared (*internally*) and we solicited quotes from various contractors. Submittals are due on Tuesday, September 8th and the results will be presented during the City Commission meeting, along with a recommendation to award a contract.

Policy Analysis:

A pavement maintenance program has been budgeted into the city's 5-year CIP. Pavement maintenance includes chip seals, concrete patching and small overlay projects. This project is the first to be designed and administrated "in-house" by the engineering department.

Financial Analysis:

This project was included in the 2020 CIP with a budget of \$300,000 using sales tax funds. However, the intended budget for this project is below \$200,000, which allows the city to solicit quotes instead of going through public bidding process (per N.D.C.C.).

Process/Timeline:

Construction would begin as soon as contracts are executed with substantial completion scheduled for October 30, 2020.
