## Reader's Corner

### *House and Philosophy: Everybody Lies*

By Henry Jacob (ed.)

791.4572  
J159

Students of philosophy and fans of House alike are sure to relish this analysis of the popular television series. While philosophy texts may leave readers cold, this book brings the work of Sartre, Nietzsche, and Socrates to life by applying them to America's crankiest doctor. Other books in this series include: *Bob Dylan and Philosophy*, *Buffy the Vampire Slayer and Philosophy*, *Johnny Cash and Philosophy*, *The Lord of the Rings and Philosophy*, and *the Matrix and Philosophy*.
