Reader's Corner

Making Waves

By Lorna Seilstad

F
Se43

Set in 1895, Marguerite is thrilled when her father suggests a vacation to Lake Manawa, Iowa. Marguerite is desperate for a break from her dull suitor, Roger. Just when she needs a breath of fresh air, sailing instructor Trip makes his entrance. A few months ago her only care was who she was going to marry, but suddenly she must choose whether to marry Roger and save her family from financial ruin or follow her heart's desire and marry Trip. This is an inspirational read from a first time novelist.

NEWSLETTER February 2011

New Computer near the Children's Corner

The Library's newest computer, an AWE Early Literacy Station, is located in the Children's Corner. Unlike the public Internet computers, this computer doesn't print or have Internet access. What this computer has is educational software for children (ages 2 through 10) in the areas of reading, math, science, music, and art.

West Fargo Parks Coloring and Photo Contest

During West Fargo Park's Winter Days, Preschool through 3rd Grade students had the opportunity to enter their winter scene in a coloring contest. While the coloring contest was restricted by age, the Photo Contest was open to everyone. Both the Coloring Contest and Photo Contest winners can be viewed near the West Fargo Historical Center (upper level of the Library).

February Programs: Movies, Crafts, and Technology

Get in "the mood for love" with *Some Like It Hot* (starring Marilyn Monroe and Jack Lemmon) and *Eat Pray Love* (starring Julia Roberts). The "Young at Heart" Senior Program is Easy Card Making—make a card for someone special. Everyone is invited to the Valentine Celebration. Create a card for someone special, decorate a heart ornament, or decorate a cookie. If technology is your true love, there are plenty of classes to choose from, including: Organizing and Navigating Your Computer, Internet Basics, Email 101 (Gmail), and Craigslist Buying and Selling.
