Pomme de Terre is the story of a newly married young couple from Burr Oak, Iowa, who set out to homestead in Hutchinson, and then Pomme De Terre, Minnesota. During 1862, however, soldiers were sent to fight in the Civil War, leaving the Minnesota frontier largely unequipped to protect settlers from the Great Sioux Uprising. Government agents refused to distribute food stores promised by the treaty agreements. Unable to hunt the lands now “owned” by the settlers, the Sioux were starving and desperate. The story follows Gust and Serena as they use their limited resources to cope with the challenges of marriage, illness, farming, fear, and loss. Candace Simar has done extensive research to support the context of the novel, and she is unusual in that she has also represented the experience and viewpoint of the Sioux Indians. Simar is an author from Pequot Lakes, Minnesota. This is her second historical novel.
