Reader's Corner

The Bible only refers to Noah's wife as "wife," but who is this nameless woman? Her community believed her birthmark was the mark of a demon. After a magician who tried to remove her mark is found dead, her father quickly marries her to Noah to protect her from the angry and fearful community. While her birthmark was the greatest challenge of her young life, now living in Sorum, her community is made up of prostitutes, murders, and sinners; and the flood is still to come. This inspirational novelization of the life of Noah's wife demonstrates the courage and trials of a Biblical woman.
